

ESTS ANNUAL CONFERENCE INNSBRUCK, AUSTRIA 28-31 MAY 2017

SCHEDULE YOUR FREE TRAINING SESSION WITH ETHICON VATS SIMULATION WORKSHOP

Overview

Experience a real hands-on practical simulation training session designed to elevate your basic surgical skills in VATS. The sessions will be chaired by highly experienced surgeon faculty that will coach you in various techniques associated with VATS surgery including aspects such as port placement, tissue handling, instrument handling, tissue exposure and camera handling skills. You will also have the opportunity to test your skills in the scored test exercise after which you will receive qualitative and quantitative feedback from the faculty. There will be two session formats: one focused on multi portal VATS and a second focused on Uni portal VATS. Each session can accommodate 8 participants.

Dear colleagues

ESTS wishes to announce a continuing initiative for 2017 in Innsbruck

We wish every aspect of the Conference to have an educational value for you.

With this in mind we have managed to arrange, in Partnership with our Industry colleagues, training sessions for free at the Exhibition space.

This is a unique opportunity to book an available slot at an Industry booth and experience the latest technology and medical devices available.

These slots come free of charge and give you the privilege of having a one to one tutorial and practical skills on new technology.

If you wish to book such appointment please follow the available link

We do hope you find the experience useful

Award for best performance

ESTS is committed in providing first class education to all Thoracic Surgeons but also reward effort and best performance. All young surgeons taking part in the session will be scored at the second part of the session and the best performer will receive a free registration for next year's Annual meeting and a free ESTS textbook.
